

RFA NS and the Department of Communities, Culture and Heritage will from time to time follow-up with those who participate in the Helmet Program. Information such as frequency of use and increased participation will help to determine whether the program has been successful and should be continued or expanded. Your assistance with this data collection is greatly appreciated.

# CSA Hockey Helmet Program

## Program Outline & Order Form

## The Need

Among people under age 20 in Canada, there are more deaths from injury than from all other causes combined\*. Head injuries are among the most serious of all childhood injuries. Children should have proper skating-specific headgear to prevent serious head injuries.

Some NS regional school boards have now made CSA hockey helmets mandatory for all children participating in school sponsored skates. The new policy impacted a number of schools and arenas as the school sponsored skates were cut back or cancelled.

The Hockey Helmet Program will ensure that participating local arenas can provide children with the proper headgear they need to take part in school sponsored skates and free skates, helping kids stay active and stay safe.

## CSA Hockey Helmet Program

Through the Hockey Helmet Program, local arenas can order affordable, CSA approved hockey helmets to provide children with proper protective gear for public skating and school skates.

Participating groups can purchase CSA hockey helmets for **only \$10.00** each to a maximum of 20 helmets. Helmets are also available with face shields at a cost of **\$24.00** per unit.

Complete the attached application form and fax, mail or email it to the RFA NS office. There are a limited number of helmets available.
