

HILARY GIBSON

has been working with post-secondary students with disabilities at the Nova Scotia Community College (NSCC) for over 14 years. She is currently the Manager of Accessibility Services, providing functional leadership for a provincial team of Learning Strategists who work with over 2400 students with disabilities at 18 NSCC campus locations across Nova Scotia. She has facilitated numerous professional development seminars, workshops and courses for faculty, and developed institutional policy and procedures to promote and support accessibility at the college. After long days at work, you might see her onstage with a local community theatre group, out hiking or biking, or spending time with her GRINLIFE: her two children, Sophie and Lucas.

MATHIEU STEVER

has a diploma from Holland College in Sport and Leisure Management and a Bachelors Degree in Science specializing in Kinesiology from the University of New Brunswick. During his studies he completed internships with various Provincial Sport Organizations registered with Sport PEI as well as two placements with Fitness New Brunswick. This combination of education and placements served Mathieu well as once his education was complete, he worked for the University of New Brunswick's UREC leading various fitness programs for special populations such as osteoporosis, cardiac rehab, older adult fitness and more. When presented with the opportunity to manage the Para NB- Sport & Recreation program at Ability New Brunswick, Mathieu knew it was the project he wanted to take on.

DAVID LEGG

is a Professor in the Department of Physical and Health at Mount Royal University in Calgary. He is the Past President of the Canadian Paralympic Committee and past board member for the 2015 Pan Parapan American Games in Toronto. David has also served on the International Paralympic Committee's Sport Science Committee and is the current President of the International Federation of Adapted Physical Activity. As a consultant, David worked with the Calgary BidCo for the 2026 Olympic and Paralympic Games.
